

ETUK

**Redefining Transportation Through Electric
Mobility Innovation**

YOUR TRUSTED PARTNER

ABOUT US

ETUK is an emerging global mobility solutions company, powered by a highly skilled R&D team based in Hong Kong, focused on innovation, performance, and future-ready technologies. Leveraging a strong technical foundation, the company partners with world-class contract manufacturers to deliver efficient, sustainable, and cutting-edge transportation solutions.

With deep expertise in international trade and logistics, ETUK is strategically expanding into the electric vehicle (EV) sector, targeting high-growth markets across Africa, Asia, the Middle East, and Latin America. The company further strengthens its global presence through its associated company, NewGen Global, based in Dubai.

VISION

To become a leading global provider of sustainable mobility solutions, driving the transition to electric transportation across emerging markets.

MISSION

To deliver high-quality and reliable electric vehicles, build a strong global distribution network, promote eco-friendly mobility solutions, and ensure customer satisfaction through continuous innovation and service excellence.

FOCUS AREA

- International trading and strategic
- Sourcing of electric vehicles (2W & 3W) distribution
- Integrated supply chain and logistics management

- End-to-end product lifecycle expertise
- Innovation-led performance optimization
- Market-aligned R&D strategy execution

MANAGEMENT LEADERSHIP TEAM

BENEFITS OF ELECTRIC VEHICLES

Electric vehicles are transforming modern transportation by offering a cleaner, more efficient, and cost-effective alternative to traditional fuel-powered vehicles. They help reduce environmental impact, lower operating costs, and provide a smoother driving experience, making them ideal for both personal and commercial use.

- Zero emissions & eco-friendly
- Lower running & maintenance cost .
- Energy-efficient performance.
- Quiet & smooth driving experience.
- Reduced dependence on fuel
- Government incentives & savings

YOUR TRUSTED PARTNER

GLOBAL **EV** MARKET TRENDS

- Rapid growth in global EV sales.
- **EVs** are gaining a strong share of the total auto market.
- China leading production & exports.
- Rising demand in emerging markets
- Shift towards fully electric vehicles.
- Falling costs boost adoption.
- Strong government support for clean mobility

10M+
EVs sold globally

YOUR TRUSTED PARTNER

PRODUCT PORTFOLIO

ETUK offers a diverse range of electric vehicles and mobility solutions designed for performance, efficiency, and sustainability.

PRODUCT CATEGORIES

- Electric Two-Wheelers
- Electric Three-Wheelers
- Electric Commercial Vehicles
- Customised Solutions

ELECTRIC 2W (TWO-WHEELER)

Designed for: Urban commuting & last-mile delivery

YOUR TRUSTED PARTNER

Key Highlights:

- High efficiency electric drivetrain
- Low running cost vs petrol bikes
- Smart diagnostics & mobile connectivity
- Robust build for African road conditions

Target Segments:

- Delivery services (e-commerce, food delivery)
- Ride-hailing & personal mobility
- Corporate fleets

ELECTRIC 3W (PASSENGER & CARGO)

Designed for: Public transport & commercial usage

YOUR TRUSTED PARTNER

Key Highlights:

- “ RANGE EXTENDER TECHNOLOGY – RUN LONGER. EARN MORE. “
- High load capacity & durable chassis
- Optimised for daily income generation
- 6+1 Seater real option
- Lower maintenance & higher ROI

Target Segments:

- Public transport operators
- Fleet owners
- Cargo & logistics operators

ELECTRIC CARGO VEHICLES (4W & 3W)

Designed for: Logistics & goods transportation

YOUR TRUSTED PARTNER

Key Highlights:

- “ RANGE EXTENDER TECHNOLOGY – RUN LONGER. EARN MORE. ”
- High payload capacity
- Ideal for last-mile & intra-city logistics
- Strong body with extended cargo space
- Cost-efficient vs diesel alternatives

Target Segment:

- FMCG distribution
- Courier & logistics companies
- Wholesale & retail supply chains

3W EV CONVERSION KIT

Designed for: Converting ICE vehicles to electric

YOUR TRUSTED PARTNER

Key Highlights:

- Cost-effective electrification solution
- Compatible with existing 2W & 3W platforms
- Quick installation & scalable deployment
- Supports government “Go Green” initiatives

Target Segments:

- Existing fleet owners
- Government & institutional projects
- Workshops & retrofit partners

YOUR TRUSTED PARTNER

“Ignite Your Electric Ride”

The VOLT isn't just a way to get around—it's an investment in your freedom and your future. Lower costs. Bigger loads. No limits.

“Ride for Income, Ride for Profit”

Own the Road. Grow the Hustle. The STORME is the ultimate partner for the African youth who wants a bike that looks like the future.

YOUR TRUSTED PARTNER

“Power, Space, and Peace of Mind”

The **ETUK YETU** experience is the next generation of urban and semi-urban transport. Our latest auto-rickshaw is engineered to redefine efficiency, safety, and comfort for drivers and passengers alike.

THE ELECTRIC FUTURE IS NOW

The shift toward electric mobility is no longer a distant vision—it's happening today. With rapid advancements in technology, growing environmental awareness, and strong government support, electric vehicles are becoming the preferred choice for modern transportation. They offer a cleaner, smarter, and more sustainable way to move forward.
